ITEM 335 (Cont'd)

FUEL SURCHARGE (Cont'd)

PART B

Alaska Railroad Mileage-Based Fuel Surcharge

Shipments on which a mileage-based fuel surcharge will be assessed are public, regulated, non-contract shipments.

The mileage-based fuel surcharge will be calculated by multiplying the applicable fuel surcharge per mile times the number of miles per shipment. The applicable fuel surcharge per mile, as shown in Table B - Mileage-Based Fuel Surcharge, will be determined by using the OPIS index average price for Seattle High Sulfur #2 Diesel. The OPIS index is updated monthly, based on the first (non-holiday) workday of the previous month. For example, the surcharge applied to shipments in February is based on the OPIS index average price on the first workday in January. Both the Fuel Surcharge Table and the selection of index will be subject to periodic review.

**SECTION 1
RULES AND OTHER GOVERNING PROVISIONS**

ITEM 336

SECURITY SURCHARGE

Issuance of a Special Security Surcharge will apply on rates published herein and on contracts and other agreements that are subject to Freight Tariff 3016-series.

ITEM 345

SHIPMENTS COMPRISED OF TWO OR MORE CARLOADS

Where an individual shipment consists of two or more railcar loads covered by one Bill of Lading from one shipper to one consignee at one destination, and is tendered for movement at one time, such shipment will, for the purpose of applying freight charges, be considered as a single shipment. (See EXCEPTION)

a. The rates applicable will be determined by taking the average weight of the total number of cars as follows:

Adding the actual weight of each load-bearing car used will arrive at the total weight of shipment. The number of cars used will then divide the total weight and each car comprising the shipment will be subject to the rate and minimum weight applicable to the average weight.

b. Shipper must present carrier with a master Bill of Lading covering the entire shipment prior to or at the time the last railcar is tendered, and a memo Bill of Lading must be presented to the carrier for each railcar in the shipment when it is tendered. Such memo Bill of Lading is to make cross-reference to the Master Bill of Lading.

EXCEPTION: This item will not apply on any railcar load consisting of a single piece, which, due to its size or weight, requires the use of specially designed railcars, or idler cars.

RULES AND OTHER GOVERNING PROVISIONS**

ITEM 350

SHIPPING INSTRUCTIONS

Proper shipping instructions are necessary for ARR to provide the correct transportation services and to invoice the appropriate rate. The Shipper is responsible for providing complete and accurate information on the shipping instructions and all shipments must be tendered with complete shipping instructions.

ARR requires receipt of shipping instructions prior to shipment acceptance at an ARR facility or prior to dispatching empty equipment for ARR origin drayage. When delivering the equipment to an ARR facility, the drayman is required to provide the applicable:

- Shipper
- Intermodal facility destination
- Hazardous commodity declaration and
- Emergency Response Guide numbers

When hazardous shipments are tendered to ARR all shipping instructions must be complete, including all the hazardous information or documentation, the actual hazardous commodity description and accurate applicable Emergency Response Guide numbers. Any type of FAK commodity description is prohibited for hazardous commodities.

Shipments arriving at ARR facilities with incomplete, missing, or incorrect shipping instructions may be held at origin and or destination until complete and correct shipping instructions are provided to ARR. Detention and storage charges will be assessed at origin and /or destination for shipments that are delayed while shipping instructions are completed or corrected.

If shipment arrives at an ARR facility without proper shipping instructions/documentation the Shipper should send the required shipping instruction/documentation via e-mail or fax to an ARR Customer Service Representative. Shipper must e-mail or fax complete documentation to an ARR Customer Service Representative prior to departure of equipment from ARR Facility. If an ARR Customer Support Representative or other ARR personnel is involved in changing/completing the shipping instruction/ documentation a \$25.00, per document, charge will be assessed to the Shipper.
